PROFILE

Full Stack Web Developer with experience in Java (Spring Boot) and Angular (TypeScript, Tailwind CSS). I build end-to-end web applications, including REST APIs, JWT authentication, and role-based access control. I am disciplined and solution-oriented, with a strong focus on continuous learning and teamwork.

PROFESSIONAL EXPERIENCE

- Junior Web Developer** Sojetel July 2025 - Present
- Development and maintenance of internal web applications aimed at improving operational processes.
 - Implementation of REST APIs and backend business logic using Java and Spring Boot.
 - Development of internal-facing frontend interfaces with Angular and TypeScript, focused on usability and user experience.
 - Integration with relational databases (MySQL / MariaDB).
- Full Stack Developer - FCT** Agencia Digital de Andalucía - ADA March 2025 - June 2025
- Developed SessionTimer, a Java (Swing) application for monitoring and managing user sessions in Windows environments, deployed across all Andalusian Government offices.
 - Implemented features in PEMA using Oracle APEX for IT procurement management, optimizing PL/SQL queries and contributing to both frontend and backend development.
 - Participated in AI, CI/CD, and DevSecOps workshops, applying automation practices with Git and Jenkins.
- IT Systems Assistant** Sojetel November 2018 - March 2019
- Internal technical support, incident management, and system maintenance.
- Chef – International Cuisine** 2014 - 2024
- Bibigo (Londres), Alfonso XIII, Hotel TRH Alcora, Torre Sevilla, Muelle21, Circo del Sol gira España (España)
- Ten years of experience working in kitchens, ensuring quality and performance under pressure.

KEY PROJECTS

- MyOutfit** - Full Stack web application built with Java (Spring Boot), Angular, and MySQL for personalized outfit management. Includes REST APIs, JWT authentication, CRUD operations, image management, and Docker.

EDUCATION

September 2023 - June 2025

Higher National Diploma (HND) in Web Application Development – IES ALIXAR

TECHNOLOGY STACK

- Frontend:** Angular, TypeScript, HTML5, CSS3, Tailwind CSS, Bootstrap, SASS
- Backend:** Java, Spring Boot, Microservices, REST APIs, JWT, OAuth2, Spring Security, Maven, JPA/Hibernate, Unit testing(JUnit, Mockito)
- Databases & Cloud:** MySQL, MariaDB, MongoDB, Oracle APEX, AWS (EC2, RDS)
- DevOps & Version Control:** Docker, Kubernetes, Jenkins, CI/CD, Nginx, Apache, Git, GitHub
- Tools & Design:** IntelliJ IDEA, Visual Studio Code, Figma

LANGUAGES & CERTIFICATIONS

- Spanish – Native, English – C1
- DevSecOps & CI/CD Workshop (ADA, 2025)
- AI & Software Engineering Sessions (ADA, 2025)
- OpenWebinars (2024): Spring Framework, React, React Native, Bootstrap 5, Figma for UI Design
- IT Security Management in Enterprises (IFCT050PO) — FEMXA, 2022 (100 hours)
